Kyle, thanks. By the way, we are planning to be at the next BOF meeting and will likely provide testimony regarding the riparian rule. The scope of our testimony is still being discussed. I will let you know how things progress.

Hi Alan,

I am not sure the agenda has been finalized and released yet. When it is, I will send it your way. Also, I am needing to send you previous staff reports for the riparian rule analysis and will do that soon.

Thanks,

K

Kyle,

Would you happen to have the agenda for the next BOF meeting?
